

DC # 11979

Exploded view diagram of a mechanical assembly, likely a watch movement. The diagram shows various components labeled with alphanumeric codes, including:

- CM1 through CM107
- CY1 through CY45
- PWB1 through PWB25
- CY11 through CY13

The diagram includes a central circular component with radial teeth, a large gear-like structure, and various smaller gears, levers, and springs. A "PICK UP MECHANISM PART" is shown separately at the bottom left. The diagram is oriented with N at the top and K at the right.
